

"Science at Home" Experiment

WRITING A REPRODUCIBLE PROCEDURE

Instructions:

- Work with a partner at your table to write instructions to make a gummy worm and jelly sandwich
- Adult scientist volunteers can help with spelling/grammar but not the steps
- This should take about 5 minutes to complete
- When time is up give the adult science volunteers the instructions
- The adult scientist volunteers cannot ask questions, and the students cannot help them
- The adult scientist volunteers have to make a gummy worm and jelly sandwich following the written instructions

Step 1. _____

Step 2. _____

Step 3. _____

Step 4. _____

Step 5. _____

Step 6. _____

Step 7. _____

Step 8. _____

Step 9. _____

Step 10. _____
